

BOTH LEARNING OPTIONS AVAILABLE AGAIN THIS FALL

There will be both remote and in-person education models in the fall, the Halton District School Board has announced.

All HDSB students have been registered at their home school for Sept. 2021, including those currently learning virtually.

If your child will be attending school in person, no further action is required. However, for those children wanting the remote learning model, a Remote Learning Registration Form must be filled out.

Forms were emailed to all families last week, with the deadline for forms to be submitted Tuesday, June 1.

The elementary remote learning model is as follows:

- Students will learn fully online.
- School start and end

times will be confirmed before the start of school in September.

- Remote learning will be taught by staff who may not be from your home school.

- Students from multiple schools may be assigned to the same remote learning class.

- For students in French Immersion, the board will make every effort to provide instruction in French.

- Students will be required to participate online using technology in real-time during the school day (180 minutes for Kindergarten; 225 minutes for Grades 1 - 8). The remainder of the day will be independent learning.

For those secondary school students attending in-person, students will be in school for the full day, five days a week and will be

on a Quadmaster schedule with one course in the morning and one in the afternoon.

When possible, and in accordance with Ministry of Education guidelines, in-person students will be able to participate in school clubs and teams.

For secondary school students participating in remote learning, the following are their guidelines:

- Students will learn online only.
- School start and end times will be confirmed before the start of school in September.
- Schools will follow a Quadmaster schedule (limit of two courses at a time), with one course in the morning and one in the afternoon (both online).
- Remote learning will be taught by staff who may

Both remote and in-person learning will be offered by HDSB in September.

not be from the home secondary school.

- Students from multiple schools may be assigned to the same class.
- French Immersion courses will be offered where enrolment numbers

- permit.
- Students learning remotely will not be permitted to participate at their home school in-person school clubs or teams.
 - Students will be required to participate on-

line using technology in real-time during the school day (225 minutes). The remainder of the day will be independent learning.

- The following specialized optional programs will not be offered virtually: Accelerated Learning Program, International Baccalaureate, Advanced Placement, LEAP and I-STEM.

- Students will be required to reselect courses for the 2021-2022 school year to replace your home school timetable. Please note that course offerings will include compulsory courses and offer limited electives.

These guidelines do not apply to Gary Allan High School students whose students will receive messaging directly from the Gary Allan Learning Centre main office.

SPRING is back, and so is our

16th Annual SUPER SPRING SPECIAL

- **Oil & Filter** (Includes up to 6 litres regular oil)
