A fire that impacted a trio of Georgetown townhouses on Friday (July 23) has caused an estimated \$1 million in damage.

According to Halton Hills Fire's assistant deputy chief Martin Mills, the department's investigators

have concluded that the blaze on Sinclair Avenue was "not suspicious." However, the cause is undetermined.

"The fire started on the exterior and moved into the attic space," he said. "All three units have severe damage."

Mills added that three families were displaced by the fire.

A GoFundMe page has been launched for at least one of the families impacted, at (gofund.me/cdb5c0e2).

In consultation with the Office of the Fire Marshal (OFM), Mills said it was determined that OFM staff was not required to investigate the blaze.

No injuries were reported.
