Things are beginning to look like old times at the Acton Legion, as members and their guests turned out for several events in August and we were able to get the best use of our patio.

There was a huge turnout for the surprise visit of Elvis on Aug. 7 as we highlighted our grand reopening. Elvis tribute artist Steve Michaels dropped in for a short visit and is now planning an official concert in our main hall on Monday, Sept. 20 at 7:30 p.m. See our website for details.

It was great to see so many people come out for the presentation to Billy and Joan on Aug. 21. The entertainment from Norm Mason was outstanding.

It was so nice to see so many kids at the 14th anniversary of the Gary Mundy fishing derby on Aug. 22. It was hosted by the Munday family and friends. Winners in the four age groups were: age two to four Halieigh, age five to six Legend, age seven to 10 Shaylenns and age 11 to

16 Ethan. Thanks to the generosity off all attendees, we were able to donate 125 pounds of food and \$50 in cash to the Acton Food Share.

Don't forget to sign up for the Legion golf and dinner, set for Sept. 11.

We offer our deepest condolences to the family of Barry Miles, who recently passed away. Barry was a long-standing member of Branch 197, and a regular at the Thursday night cribbage league, where he will be missed.

If COVID-19 protocols al-

low, we have targeted Monday, Oct. 18 to hold our first general meeting in two years. It is essential that we meet quorum requirements at this time, so please earmark this date and time, which will be 8 p.m.

Please check the webpage at legion197.com, and in addition we will be posting information on social media.

## ... Lend Me Your Ears

### GETTING USED TO NEW HEARING INSTRUMENTS

Part 2

If you are having difficulty with the hearing instruments, or do not like the sound quality, discuss it with your Hearing Practitioner. Chances are there are adjustments that can be made to the instruments to accommodate your complaint.

Remember that you are not alone. There are millions of people with hearing loss, and as the Baby Boomers age, the numbers grow. It is nothing to be ashamed of, and there are many treatment options available to you in these modern times.
