## Upcycle to refresh your nest

Feathered Nest Furnishings offers an ever-changing variety of consignment furniture, home décor and art pieces ranging from antique to contemporary.

Housed in the beautiful and historic Beaumont Mill since March 2016, Feathered Nest also offers furniture repair, painting and refinishing services as well as re-upholstery of smaller items.

“We pride ourselves on having affordably priced items that allow people to change or complete their space and love to help our customers find the perfect pieces for their home,” says Stephanie Long, the local consignment store owner.

Over the years the shop has grown, featuring more than 500 consignors and developing a “fabulous customer base”. The use of social media platforms has also evolved and expanded. Frequent posts of consigned items are showcased on both Facebook and Instagram. Recent enticements have included a selection of festive Christmas items, a pair of butter soft leather couches and an ornate, must-be-seen

china cabinet and buffet.

“At The Nest, we believe your home should tell the story of who you are, and be a collection of what you love. We appreciate the importance of creating a cozy and comfortable space that is a true reflection of you and your family,” Long explains.

The shop itself has a cozy atmosphere with exposed stone walls and rustic wooden beams that create a showcase for skillfully displayed furnishings and décor. It’s an eclectic collection that represents the variety of consignors who trust that their contributions will find new homes.

“We meet many of our consignors during challenging periods in their lives, whether it be downsizing, clearing of family estates, moving or renovating and redecorating. If you find yourself in one of these situations, we will guide you with care, consideration and respect for your items,” says Long.
