

PETER GILGAN MAKES HISTORIC \$105 MILLION DONATION TO BUILD CANADA'S LARGEST HOSPITAL

"I'm proud to be able to help Trillium Health Partners achieve best-in-class health care that is accessible for all."

– Peter Gilgan

The most generous hospital investment in Canadian history will help Trillium Health Partners redefine the future of health care

Today, we are proud to announce an extraordinary \$105 million donation from Peter Gilgan, the country's largest benefactor to health care. This historic donation will help Trillium Health Partners build the largest and one of the most advanced hospitals in Canada to be known as The Peter Gilgan Mississauga Hospital, and it will significantly expand our Toronto site, which will be the future home of The Gilgan Family Queensway Health Centre. This will ensure we continue to deliver leading-edge health care to more than 2.2 million people in the west GTA.

Now, more than ever, health care must be redefined to ensure we are meeting the needs of our communities today and will support their health for generations to come. This historic investment from Peter Gilgan will enable Trillium Health Partners to advance our work in delivering integrated, specialized care in modern facilities with a future-forward approach to community health.

Together, we will create the future of care in our community and help solve health care challenges in communities across the country.
