

# TOWN APPOINTS NEW COMMISSIONER OF CORPORATE SERVICES

**LAURA LANCASTER HAS FILLED THE ROLE IN AN ACTING CAPACITY SINCE JANUARY 2021**

There's a new face at the helm of the Town's Corporate Services department.

Laura Lancaster has been appointed as commissioner of corporate services — a role she's been filling in an acting capacity since January 2021 while also serving as the director of human resources.

"It's my pleasure to announce that Laura has accepted this position," said town CAO Chris Mills. "I have worked with Laura since she joined the town's human resources department

ment in 2004, and her work ethic and performance have led her to hold increasingly more senior positions over the years."

Lancaster was appointed to lead the HR team in 2015 and was instrumental in developing several corporate initiatives, including staff engagement surveys, a succession plan-

ning program and a non-union benefits survey.

During her tenure as acting commissioner, Lancaster managed the municipality's human resources pandemic-related response and recovery efforts, in addition to championing the Corporate Services department at the senior management team and town council.

"Laura has been a valuable asset to the corporation, and council is pleased with the appointment," said Mayor Rick Bonnette.

Conservation Halton is proud to support our communities by providing access to nature through the pandemic.

During the past two years, many families have visited our parks to support their mental and physical health. Although we are always happy to have new visitors at the parks, Conservation Halton had to quickly adapt to this increased visitation. In April 2020, we introduced our award-winning reservation system, which allows us to manage the number of visitors in our parks, prevent crowding to ensure the health and safety of our community, reduce the impact that visitors have on our natural areas, and keep in touch with visitors about park conditions and trail closures.

Reserve your visit to a Conservation Halton Park at [parkvisit.ca](http://parkvisit.ca)
