## Ontario is getting stronger

Across the province, more workers are joining the skilled trades as resources and industries in the north become part of the future of clean steel and electric vehicles.

More jobs are being created by building new bridges and highways, expanding public transit and constructing new homes—all for a growing province. Home-grown businesses are manufacturing more of the things we rely on.

Ontario's economy is getting stronger. See what's happening at [ontario.ca/stronger](https://ontario.ca/stronger)
