Get outdoors and get active this March Break

Staying physically active is an important part of a healthy lifestyle and overall well-being – it boosts energy levels, can improve sleep and reduce stress. As families across Halton get ready for March Break, I encourage everyone to have some active outdoor fun! Our communities have many trails, activities and natural spaces to enjoy. Visit halton.ca or your local Municipality's website to get ideas and start planning!

March Break is also the perfect time for you or your family to get the COVID-19 vaccine. There are many options available, including our Community and Paediatric clinics – featuring our team of Halton Heroes and a friendly, highly skilled clinic staff! To learn more, visit halton.ca/COVIDvaccines.
