Residents are again invited to Catch the Ace.

5 THINGS TO KNOW ABOUT CATCH THE ACE

It's a lottery game where "everyone wins." North Halton residents are once again invited to Catch the Ace, the progressive jackpot lottery that allows players to win cash while giving back to the community.

Here's what you need to know about the fundraiser.

The local Catch the Ace lottery is run by the Townsend Smith Foundation.

The proceeds will support the foundation in building a hospice in north Halton.

Individuals can purchase tickets for the opportunity to win 50 per cent of the total money raised through ticket sales, while the rest will go toward the foundation.

Tickets — three for \$10, 10 for \$20, and 50 for \$50 — can be purchased online weekly.

Draws take place every Friday at noon. Catch the Ace raised \$40,000 for the Townsend Smith Foundation last year, while the winners took home \$27,000. To buy tickets, go to tsfhcatchtheace.bump5050.com.

NOTICE OF VIRTUAL PUBLIC INFORMATION CENTRE #2

ENVIRONMENTAL ASSESSMENT STUDY

Winston Churchill Boulevard Improvements from Highway 401 to Embleton Road/5 Side Road
Regional Municipalities of Peel and Halton

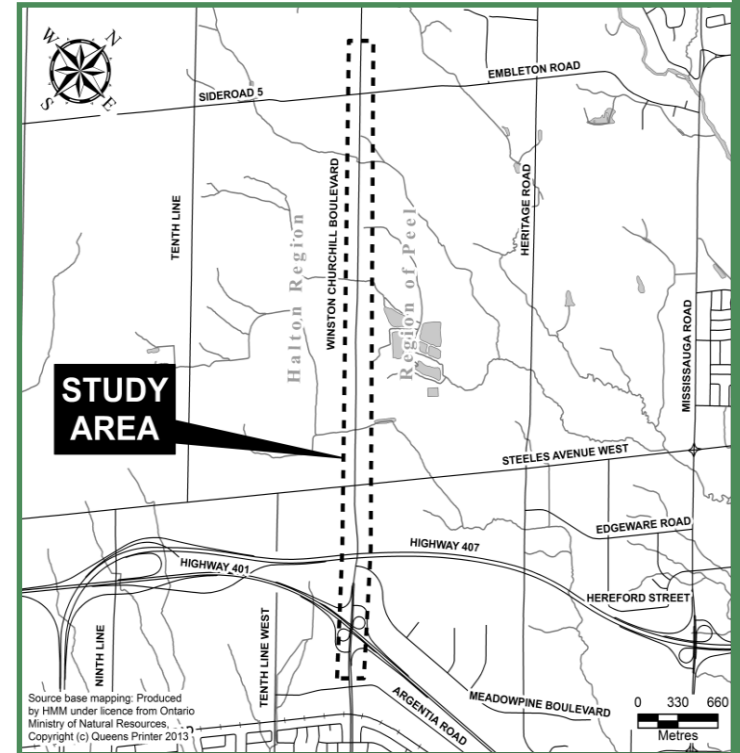

The Study

The Regional Municipalities of Peel and Halton are conducting a Schedule 'C' Municipal Class Environmental Assessment (Class EA) for improvements to Winston Churchill Boulevard from Highway 401 to Embleton Road / 5 Side Road (see map). Winston Churchill Boulevard is a north-south Regional arterial road and forms the boundary between the City of Brampton and the Town of Halton Hills.

The purpose of the study is to examine the need and justification, as well as feasibility for improvements (including widening), changes to road and intersection geometrics, and pavement rehabilitation on Winston Churchill Boulevard to address short and long-term needs related to planned future growth. The study will also review opportunities to better facilitate public transit and active transportation.

The Study Process Includes:

- Stakeholder consultation (e.g., Indigenous Communities, public, landowners and review agencies)
- An evaluation of alternative solutions and alternative design concepts
- The identification of a preferred design concept
- Two Public Information Centres (PICs)
- Mitigation measures to reduce impacts on the surrounding environment

Virtual Public Information Centre

The purpose of this Notice is to invite you to attend the second PIC that will be held to receive input from the public and interested stakeholders. The PIC material will be posted online at the link noted below. The material will include a summary of PIC #1 and activities that have occurred since, the alternative design concepts which are currently being considered to address transportation requirements in the Study Area. The PIC material will be made available from May 19 to June 9, 2022. Comments regarding the project will be received until June 19, 2022. A summary of questions and answers will be posted online following the PIC.

Comments and Information

Please visit the Winston Churchill Boulevard Environmental Assessment page on peelregion.ca.

If you would like to provide comments or have questions, or if you would like to be added to the Project Contact List, please contact one of the Project Managers listed below.
