Halton Regional Police are investigating a break-in and theft at Georgetown Marketplace.

Officers released images of two suspects on May 3 in the hopes of triggering arrests in the case.

Police say two men entered the mall after hours on April 8 and went to the lottery kiosk that was closed for the evening and proceeded to remove lottery tickets and cigarettes.

Both men are aged 25 to 30. One is about 5-foot-10, with a slim build, wearing a black jacket and pants with a green/grey tuque.

The other is heavier set, wearing a tan jacket and
