

Celebrating National Nursing Week

"Thank you to the incredible team of nurses across Halton Healthcare during what has been another very difficult year. Your compassion, commitment and dedication is inspiring. Today and every day, we are grateful for all that you do."

Joan Jickling, SVP Patient Engagement & Chief Nursing Executive

Introducing Our Chief Nursing Executive

Joan is a Registered Nurse, with more than 30 years of experience in a variety of clinical, advanced practice and management roles and has been part of the Halton Healthcare team since 2014.

"I don't recall precisely when I made the decision to become a nurse, but like many of my nursing colleagues it has been part of my life as long as I can remember. I have the privilege of becoming part of people's lives, often at their most vulnerable, so the relationship forged with patients is unique. At Halton Healthcare, I am proud to be part of such a remarkable team who have demonstrated unfailing strength and resilience to the challenges of the pandemic. I am honoured to be of service and provide leadership as we continue to build and evolve. I look forward to working with our interprofessional team in this period of renewal," says Jickling.
