Eighth Line Municipal Class Environmental Assessment Virtual Public Information Centre #3 June 6, 2022, 6:30-8:30 p.m. via Zoom

The Town of Halton Hills is undertaking an assessment for improvements to Eighth Line from Steeles Avenue to Maple Avenue, due to increased population and greater demand on our roads network. Following an extensive evaluation, the preferred solution is to widen Eighth Line within the study area with improvements to be made to the existing road infrastructure and active transportation features. An Environmental Study Report (ESR) will be made available for public input once the study is completed.

Join us on June 6, 2022 at 6:30 p.m. for a virtual Open House featuring a presentation on the project's status and design concepts, followed by a Question and Answer period.
