And have you gone, forever gone and left us here to weep. Till we are called to follow you, and in the grave to sleep.

We are sad within our memory, lonely are our hearts today; for the one we loved so dearly has forever been called away.

Heavy are our hearts today, memory brings you back once more, to the time when you were with us, to the happy days of yore.

Always so good, unselfish and kind, none on this earth your equal I'll find.
