

NOTICE OF STUDY COMMENCEMENT

Water, Wastewater and Transportation Integrated Master Plan

(R2414A, R2875B, S3256A, W3258A)

Study

Halton Region is initiating an Integrated Master Plan to complete the next region-wide Water, Wastewater and Multi-Modal Transportation Master Plans. The outcome of this work will be a long-term integrated servicing strategy for Regional infrastructure to accommodate future growth in support of the Regional Official Plan Review. The Integrated Master Plan will provide the strategies, policies and tools required to meet the future water, wastewater and transportation infrastructure needs.

Process

This notice signals the commencement of the Integrated Master Plan. The study will be carried out in accordance with the requirements of Phases 1 and 2 of the *Municipal Class Environmental Assessment (MCEA)*, (October 2000, amended 2007, 2011 and 2015), which is an approved process under Ontario's *Environmental Assessment Act*.

The Integrated Master Plan will become the basis for, and will be used in support of, future Schedule C MCEA studies identified in the Master Plan. The Integrated Master Plan will be prepared with the level of investigation, consultation and documentation sufficient to fulfil the requirements for all Schedule A, A+ and B projects within the Master Plan.

Public Engagement

Public and review agency consultation is a key element of the Integrated Master Plan process and input will be sought throughout this study. Details regarding public consultation opportunities will be announced as the study progresses. Additional information related to the study and consultation process may be found on the project webpage at halton.ca.

Upon completion of the study, the Integrated Master Plan report will be prepared and placed on the public record for a minimum 30-day review period. The documents will detail the planning and consultation process, and the infrastructure strategy to support growth in the region. The Integrated Master Plan will follow all legislative requirements and will include consultation with key stakeholders, including the public, Local Municipalities, regulatory agencies and Indigenous Communities.

Comments

Please contact any of the project team members listed below or email IMP@halton.ca if you have any questions or wish to be added to the Integrated Master Plan mailing list (water, wastewater and transportation). Comments are welcome throughout the duration of the project. Comments received through the course of this study will be considered and documented in the Integrated Master Plans.

Making strategic investments in Halton to maintain service levels in 2023

On July 13, Regional Council approved Halton Region's Budget Directions Report. This Report lays the foundation for keeping taxes at or below the rate of inflation in 2023 while delivering critical programs and services.

Halton has maintained a proven track record in successfully delivering essential programs and services while keeping tax increases low for over 20 years. This Report identifies priority investments in critical services despite the significant pressures as a result of high inflation and increased demand for services and growth.
