HALTON HEALTHCARE APPOINTS NEW BOARD MEMBERS

Halton Healthcare has appointed three new members to its board of directors.

The new members include Robert Aziz and Karen McClure, as well as Samantha Horn, who will serve as the board's vice chair for a one-year term.

McClure has been the chief investment officer of Canada's Digital Technology Super-Cluster since 2018 and prior to that held the position of vice-president of general and advanced diagnostics and director of the office of strategy management at LifeLabs Medical Laboratory Services.

She also serves on the National Research Council's International Advisory Committee on TRIUMF, Canada's subatomic physics research centre and serves as executive lead of the Program Investment Committee on Canada's Digital Technology Supercluster's Board.

Horn is a partner in the Toronto office of Stikeman Elliott LLP where she has practiced corporate and commercial law for more than 29 years.

She received the Women's Executive Network's Canada's Most Powerful Women: Top 100 Award in the 'KPMG Professionals' cate-

"Our board members represent a wide spectrum of professional and personal skills and interests and are able to bring the communities' perspective to the board."

Halton Healthcare Board Chair

gory for 2014, 2015 and 2016.

Aziz has been the chief operating officer of the Ontario Municipal Employment Retirement System (OMERS) and the president of OMERS Investment Management since 2020.

He was a member of the Oakville Hospital Foundation Board from 1992 to 2003, and has also served on the boards of the Hospital for Sick Children Foundation and the Lighthouse for Grieving Children.

The board also thanked John W. Nyholt and Laurent Thibault, who completed their terms and have now stepped down from the board.

Halton Healthcare is governed by a voluntary board of directors that consists of 20 elected and appointed individuals who bring their expertise and experience to hospital governance on behalf of the communities of Halton Hills, Milton and Oakville.
