Together in Safety

Building Connections in Firearms Safety

HUNTING IS A SAFE ACTIVITY. Let's keep it that way.

DID YOU KNOW?

Hunting in Ontario now has fewer incidents during an entire decade than what occurred annually prior to mandatory hunter education and other rule changes.

DON'T BE A STATISTIC.

All firearm-related injuries are preventable. Treat every firearm as if it were loaded, and PROVE it safe.

Together in Safety and the Ontario Federation of Anglers and Hunters are working together for a safe hunting season, visit togetherinsafety.ca to learn the facts about firearms safety and how to prevent unintentional discharge!

Together in Safety is a public safety resource program created by the Firearms Safety Education Service of Ontario and the Chief Firearms Office of Ontario. Working with our partners, we are promoting awareness and education in firearms safety and harm prevention to all Canadians.
