PART OF HUNGRY HOLLOW TRAIL CLOSED FOR CONSTRUCTION

REETI ROHILLA
rrohilla@metroland.com

A section of the Hungry Hollow Trail in Halton Hills will be closed to the public for construction.

The work is expected to be completed in October.

The maintenance and decking replacement of the 400-metre patch of trail boardwalk from Mountainview to Metcalfe — which was originally built in 2009 — will cost approximately \$100,000, said Director of Communications Alex Fuller.

This is part of the Trails Revitalization capital construction project funded by the town's Capital Replacement Reserve.

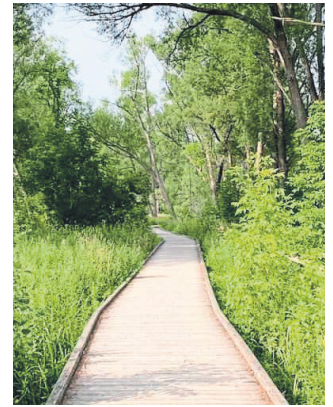

Sections of the boardwalk that need replacement due to years of regu-

lar use will be removed, repaired and reinstated.

"The Mountainview to Metcalf section of boardwalk is the main connection between the west and east side of the Hungry Hollow trail system. So, all residents will have to use sidewalks along Mountainview Rd., Delrex and Metcalfe Court if hiking both sides of the system. The detour is approximately 1.5 km," said Kevin Okimi, director of parks and open space.

Alternate trail options are Hungry Hollow off Eight Line to Mountainview or from Maple Creek Parkette to Hall Road.

The Hungry Hollow Trail is part of the town's roughly 30 kilometres of trail network. Last year, the trail was expanded by

1.2 kilometres, followed by a 500-metre increase this year connecting the Hungry Hollow Trail to Cedarvale Park.

Refer to the trail map for an illustration of the areas served by the trail.
