

Indigenous Voices Needed

Please accept an invitation to a Heritage Canada sponsored conversation about transforming the Halton Region toward an inclusive, respectful, and culturally healing community for Indigenous Peoples. Collectively, we can plan Seven generations from now; what needs to be different and what needs to stay the same. The vision is for the Halton Region to be the best place for Indigenous Peoples to live, work and heal together in community.

Our conversation will be facilitated by Mary Medcalf and Cheryl Taggart.

Join Us
