

**I WISH I KNEW
YOU BETTER.**

The Canadian Red Cross Society

You don't know me, but you saved my life.

Three years ago I had a lung transplant. I would have died without it.

They needed a lot of blood that day. It was your blood. If you hadn't given, there would have been no chance at all.

I may never meet you, but I'm more grateful than you'll ever know.

GIVE TODAY... GIVE FOR LIFE.

DON'T MISS THE NEXT CLINIC
