

BUYING A HOME?

How much home can you afford? What financing options are available to you? Do you know the basic steps in the homebuying process?

Answers to these and other questions can give you confidence in one of the most important purchases of your life.

Working with a REALTOR*, a member of the local board of REALTORS*, will be to your advantage. For one thing, a REALTOR* very likely participates in the board's Multiple Listing Service. Through such a service this real estate professional can work with many other REALTORS* to give you the widest possible selection of homes from which to choose.

And remember, the better informed you are, the better results you're likely to get by working with a REALTOR*.
