

AROUND THE TOWN

Hippity-Hop: ZAPA Projects, on Mill Street East, had their window display festively decorated for the Easter holiday in early April. Being masters of inflatables, decorating the window was a blow-up Easter Bunny and some large Easter eggs.

Walking Down Churchill Road: The annual Procession of the Cross started at Churchill Church and made its way down the road into Acton, making stops at each church on the evening of Good Friday. The Procession ended with a service at Crossings Community Church.

Waiting for a Bite: Someone in a kayak was spotted doing a little fishing on Fairy Lake, one sunny & mild Sunday afternoon in early April. Not certain if they had caught anything, but they sure were spending most of the afternoon waiting to catch one of the fish that lurk below the lake's surface.
