Make Halloween Safe

For Our Children

Kids enjoy everything about Halloween - the treats, the costumes and just being out at night. It's up to you, as a parent, to keep in mind the most important aspect of Halloween - your children's safety.

- Make sure your children are accompanied by an adult, either yourself or someone you trust.
- Inspect all treats before allowing your children to eat them.
- When checking treats, look for torn wrappers and packaging that has been tampered with. When in doubt, throw it out.
- Fruit should be washed and cut into small pieces before eating.
- Let your children trick-or-treat only in well-lit neighborhoods, preferably at the homes of people you know.
- Face paints are always better than masks, since masks can obscure vision.
- Keep costumes manageable. Long costumes can cause children to trip over them.
- Remember to add reflective tape to all costumes for visibility.
