

Don't become just another fire statistic in Halton Hills

The Halton Hills Fire Department is making a great effort to reach the adult population of our community with an "Educate to Prevent" program. At the first of each month, statistics will be printed in this newspaper to keep fire safety constantly on the minds of our citizens and thereby reduce the number of fires, the amount of fire loss and the number of injuries or fatalities. The above stats are cumulative totals to the end of November.
