Crime Stoppers

By Sgt. Dan Farr

Halton Regional Police Detectives in Oakville and Crime Stoppers of Halton are asking for the public's assistance in identifying the man responsible for the theft of some very expensive rings from an Oakville jewelry store.

On October 22 of this year, a man and woman entered the People's Jewelers Store situated in Oakville Place Mall at 240 Leighland Ave., Oakville. The sus-

pects looked at a number of expensive diamond rings but did not make any purchases.

On October 27, the same man returned to the People's Jewelers Store alone. He made inquiries about the expensive rings he viewed the week prior.

The sales representative brought three of the most expensive rings from the display case and the suspect grabbed them and ran from the store.

The man is described as male, white in early 20's, 5' 8" tall and approximately 130-140 lbs. He had black gelled hair parted on the left, brown eyes and a big smile.

A long, thin face with high cheek bones, very white teeth and a day's growth of beard.

He is further described as Italian looking, having rough looking hands and with a large tattoo on his left chest.

The woman who accompanied him on the first store visit is described as female white, in her early 20's, 5' 5" tall, 135 lbs., blond wavy hair about shoulder length, rough looking and used coarse language.

If you have any information that leads to an arrest in this, or any other case, you may be eligible for a cash reward of up to \$1,000.

You need not give your name and your information will be treated with complete anonymity. Please call 1-800-668-5151 or 825-TIPS (that's 825-8477).

 (Georgetown Homes)

As you can see, the number of active listings has declined drastically. However, this current "low inventory" tends to create fast turnover on homes which are "priced right". DENTURISTS AND YOU

Any loss of your natural teeth is a regrettable occurrence. Fortunately it is one that can be remedied with excellent results. Today's Denturists (or Denture Therapists) apply all their skill and knowledge to provide you with a substitute that perfectly suits both the shape of your mouth and your smile. You benefit from the personal attention of the Denturist from start to finish.

Although less known than other professions, Denturists are providing an important health service to the public. Not only does the Denture Therapist provide a full range of dental services directly to the patient, but he provides this service at a cost that makes wearing dentures possible for many who could not otherwise afford them. "Personalized" dentures are no longer the preserve of the wealthy. You may be surprised at the reasonable fees the Denturist can offer for his services. Consultation will allow you to discuss all your options, desired treatment, and cost. Consultations are usually free of charge. Also it is important to note, that there is no GST or tax of any kind on dentures. They honor all insurance plans, D.V.A. & Social Services claims.

Denture Therapists also offer visitation services. They will go to see patients in hospitals and nursing homes, and in special circumstances, they will make house calls. It's the Denturist Association of Ontario's commitment to bring service with integrity to the profession of Denture fabrication. Our expertise is unique, as we are the only profession legislated specifically for one purpose - to make dentures.
