

St. George's Anglican Church presented a donation of \$2,000 to The Bridge group Wednesday evening at their Christmas dinner. The Bridge is a support group between the Christian church and inmates (and released inmates) in Brampton and Halton Hills. Ian Farrar, people's warden at Georgetown's St. George's Anglican Church, presents the cheque to Bridge chaplain and St. George's parishioner Daisy Dunlop and community worker David Spaul. ### Acton man stabbed in arm

A 39-year-old Acton woman has been charged after a man was stabbed with a kitchen knife Thursday morning.

At about 2 a.m., police responded to a domestic dispute at a house on Bower Ave. between the accused and her common-law husband.

Police found that the man had been stabbed in the upper part of his left arm with a 7 1/2" knife.

The woman has been charged with aggravated assault and was set to appear for a bail hearing Thursday.

#### A LETTER TO SANTA

Dear Santa:

I have been an extra, extra good boy all year! This year I need to ask you for something very special. I really need a new set of dentures! "All I want for Christmas is some new false teeth!" You see, I went to visit my Denture Therapist last week, as I do every year, for my yearly check up. My dentures have become loose and are causing me discomfort. Whenever I eat, food gets under my plates and causes me pain. My upper denture often falls down while I'm talking. How embarrassing! Not to mention my annoying "floating" lower denture. Santa, don't be mad at me, but my lower teeth have been sitting in my bottom drawer all week. I just can't wear them!

My Denture Therapist explained to me that gums constantly shrink, and therefore in time cause dentures to become loose and illfitting. Also, I told him how it takes me twice as long to chew my food as it used to. He told me this was because the teeth on my denture have become dull, and therefore unable to cut through the food like they should. He also said that my bite was 'off', meaning my jaw was not coming together properly when I bite down. He said this could be the reason I've been having so many headaches. Apparently illfitting dentures could be the cause of many health problems. Santa, these Denture Therapists really know their stuff!

We have both decided that if I'm going to enjoy my turkey dinner this Christmas, that I am definitely going to have to have a new set of dentures!

Thanks Santa!

P.S. Make sure to put a little "extra something" in Alex Trenton's Stocking. Maybe some gold for my teeth!

Your pal, Henry.
