Holiday cooking: Keep a lid on it

- Be alert when cooking that holiday feast!
- The Halton Hills Fire Department offers these fire prevention and fire safety tips for the kitchen:
1. If a stove fire starts, place a tight fitting lid over the pan to smother the flames, then turn off the burner.
 2. Keep all debris and combustible items, such as paper towels, dish towels and paper bags, away from the stove.
 3. Keep pot handles turned in so they can't be accidentally knocked off the stove.
 4. Keep young children away from the stove while preparing meals.
 5. In microwave cooking, always open the wrap used in cooking away from you and protect your hands so steam does not burn you.
 6. Since the inside of the food cooks faster than the outside in a microwave, be careful when serving.
- Prevention is the key to a happy holiday season!

nature of \$400,000, Sallay said. Sallay and the others received the congratulations of Governor-General Ray Hnatyshyn and their respective medals last Friday at a luncheon at Rideau Hall.

"We were acting on impulse," said Sallay modestly. He says he would do it again.

"At first we were really horrified that he would stand under helicopter blades with exhaust fumes in his face," said mom Hillary Sallay. "But we're very proud."

The other Halton Hills citizen that received a Medal of Bravery, Doug Rock, is a Terra Cotta resident who is presently out of province.
