## Our wish list

With Christmas on everyone's mind we thought it would be appropriate to present the first ever Halton Hills This Week Christmas Wish List. Here in no particular order is that list.

- The RSI proposal to convert the Acton Quarry into a landfill site disappears forever.
- The Interim Waste Authority rejects sites B15-b and B22-d -- the sites that abut the eastern border of Halton Hills -- are pulled from the list potential dump sites for Peel.
- Halton Hills councillors continue to perform to the best of their abilities keeping in mind that they are on council to serve the people of this community.
- A turn around in the economy.
- The New Democratic government in Ontario gets away from scandal damage control and starts implementing some real policy that gets this province running again.
- The Progressive Conservative government in Ottawa finally gives Canadians what they deserve -- a federal election.
- If an election is called, we hope that a leader that we can trust and believe in comes forward.
- There are no further needless deaths in the former Yugoslavia.
- Halton Region continues to be the relatively safe place to live that it has always been.
- Local foodbanks become obsolete and unneeded.
- Sunshine and heat throughout the upcoming summer.
- Health and happiness for everyone.

## Wastewise says thanks

Dear Editor:

The partnerships which have evolved with local businesses assist Wastewise in providing services to our community. We would like to highlight some of the interesting but "hidden" ways in which businesses have helped out.

Georgetown Terminal Warehouse, a book distribution company, provides an excellent example of a mutually beneficial partnership. Employees separate and deliver their recyclables to Wastewise and pick up certain types of used paper to package books. The company has reduced disposal fees and purchases less new newsprint -- both of which reduce waste. In return for the services that Wastewise offers, Georgetown Terminal Warehouse provides parking space as required and supplies and delivers skids.

Mold-Masters, a manufacturer of hot runner system for the injection plastic industry, is lending Wastewise a plastics grinder. Chipped plastic bottles, tubs, and lids require much less space which improves storage capacity and reduces transportation costs.

Having donated two pallet jacks and many hours of free service, Bos Lift Truck Service Limited keeps the recyclables at Wastewise moving!

Boehmers, a supplier of building materials and concrete to contractors and home owners, provided

wood, hardware, drywall and insulation for the education centre and the wall for the office. Georgetown Home Hardware also donated building materials for the office wall.

Curwood Packaging manufactures flexible film packaging for the food industry. In addition to providing rolls of clear plastic tubing (from which we make extra large bags for plastic bottles and tubs), Curwood has just recently started shipping our processed plastic to a plastics recycler in Lindsay, Ontario.

ak&a Desktop Publisher Services have produced advertisements, newspaper fillers and camera-ready artwork for a number of different projects at no charge to Wastewise.

Broomhead Printing continues to offer Wastewise excellent rates for printing requirements. A 10% discount on office supplies offered by Office Magic helps reduce our operating costs. Local newspapers (like this one), publish information (like this), which helps keep everyone informed about this project.

On behalf of the residents and companies that use Wastewise, we extend our warmest thanks to these businesses and the others which continue to offer necessary goods and services.

Sincerely  
Diane van de Valk  
Project Manager

# Ho, Ho, Hope You Have A Great Christmas!

May the blessings of season fill your  
heart and home with joy.

From all of us at Halton Hills This Week  
have a safe and happy Christmas

## Young cancer victim attempting world record

The following letter was faxed to Halton Hills This Week from another local business.

Since this is time of year when we are asked to think about our fellow man, it seemed appropriate to print this information.

We hope that Craig accomplishes his goal and with your help he can.

Dear Editor:

This is a request to send your business card and those of any friends and acquaintances to Craig Shergold at the address listed below.

Craig is a seven year old boy with terminal cancer.

He expressed a wish to the Children's Make a Wish Foundation to be included in the Guinness Book of Records for the largest number of business cards

ever collected by an individual.

Please send your business cards to Craig, and mail the enclosed lists to another 10 individuals to help Craig's wish come true.

Thank you.

Send your business cards to:  
Craig Shergold  
c/o The Children's Make a  
Wish foundation  
3200 Perimeter Centre East  
Suite 500  
Atlanta, Georgia 30346

## Blood clinic sponsored by Town

Dear Editor:

In recognition of the critical need for blood during the holiday season, Mayor Miller and Members of Council have canceled the New Year's Levee. Rather, the funds have been redirected in order to sponsor a blood donor's clinic in its place.

This Blood Donor Clinic will take place on Saturday, January 2, 1993, from 12 noon until 5 p.m. at the Halton Hills Civic Centre, 1 Halton Hills Drive.

Your assistance in the promotion of this very worthwhile community event would be most appreciated.

Sincerely,  
Janet Lunn Stewart  
Town Clerk

## Halton Hills THIS WEEK

Halton Hills This Week, Weekend Edition, is published every Saturday at 232 Guelph St., Georgetown, Ont. L7G 4B1, and is printed in Oakville by Q.E. Web Printing.

In the event of typographical error advertising goods or services at wrong price, goods or services may not be sold. Advertising is merely an offer to sell which may be withdrawn at any time.
