

Beaver Lumber tops Oakville

By Mara Fantegrossi

The Georgetown Major Novice

Raiders opened their Tri-County playoff series with a well-earned

Acton wins close one

By Ellen Piehl

Acton's Atom I hockey team won a very close one on Saturday afternoon at the Acton Community Centre as they defeated the Erin-Hillsburgh team 6-5.

Erin opened the scoring midway through the first period to make it 1-0. Seconds later, Acton's Jason McGuire scored to tie the game at one a piece.

Acton then scored two more goals, including one on the powerplay. Acton led 3-1 at the end of the first.

In the second period, Acton start-

ed back where they left off in the first, with a goal scored by Captain Steve Barenis.

Acton then scored two more to take a five goal lead. At the end of the second, Acton was leading 6-2.

In the third period, Erin tried to make a comeback by scoring three more goals.

Despite Erin's three quick goals, Acton managed to hang on and win the game.

The top scorer for Acton was Mike Dube. He scored three goals including one shorthanded in the second period.

victory against Oakville on Sunday.

At Memorial Arena, the hometown Beaver Lumber squad took on the Oakville Rangers in a fast-paced game ending in a 5-3 final for Georgetown.

The Rangers scored first in the opening seconds, but Raider Corey Forbes soon tied the score with a shot in the near corner slot, assisted by Ryan Busby. Graham McCulloch then gave the Raiders the edge with a goal, resulting from good hustle with his linemates Brad Snow and Mark Fantegrossi. Oakville kept the pressure on with a tying goal before the end of the first period.

The second period's only goal was by McCulloch again, assisted by his wingers Fantegrossi and Snow. In the third, Oakville tied it, before Chase Trull put in the winner from Brandon Valente and Kevin Binsell. Georgetown's insurance marker came with less than five minutes remaining with McCulloch's wrap-around short-handed goal, giving him a hat-trick.

Ryan LaRose played well in net, impressing the crowd with some great saves.

The Raiders' other opponent in this six-game round-robin series is Burlington.

Major Atoms top Chinguacousy

In the first game of the playoffs, the John Henderson Pro Shop Major Atoms defeated Chinguacousy 4-3. This hard-fought victory was especially sweet as the Georgetown boys came from behind twice to tie and eventually win on a goal by Jason Hayes from Daniel Smith with 19 seconds left in the game.

Despite some powerplay opportunities for both teams, strong goaltending by Ryan Carter for Georgetown and the Chinguacousy goalie, the game was scoreless at the end of the first period.

Good defensive play by Brian Stuttgart, Derek Dovey-Mitchell, Brent McClung and Ryan Bobor helped to maintain a scoreless period.

In the second period, a goal by Jason Campbell, assisted by Brent McClung gave Georgetown the lead until a powerplay by Chinguacousy knotted the game at one goal each.

Five minutes into the third period, Chinguacousy took their first lead of the game. Georgetown quickly countered three minutes later as Jason Hayes scored his first goal of the game making it 2-2. Another powerplay goal by Chinguacousy gave them their second lead of the game, but this was short-lived as Ryan Bobor tied the game once more.

From this point on, Georgetown had gained the momentum and with seconds left, Jason Hayes scored for a 4-3 Georgetown victory.

Don't become just another fire statistic in Halton Hills

Year to date as of February

YEAR	ALARMS	DOLLAR LOSS	INJURIES	FATALITIES
1993	72	\$155,000.	0	0
1992	82	\$587,500.	0	0
1991	59	\$ 78,200.	0	0

The Halton Hills Fire Department is making a great effort to reach the adult population of our community with an "Educate to Prevent" program. At the first of each month, statistics will be printed in this newspaper to keep fire safety constantly on the minds of our citizens and thereby reduce the number of fires, the amount of fire loss and the number of injuries or fatalities. The above stats are cumulative totals to the end of February.

Golfers...
DID YOU KNOW?

with Len Dodds

SHAFT FLEX

The flex of a golf shaft is simply defined as how flexible or stiff the shaft is. The amount of shaft flexing that occurs during a swing is determined by the clubhead's speed, the clubhead's centre of gravity location, the distribution of weight within the head itself, and the attributes of the particular shaft.

During the backswing and the start of the downswing the weight and motion of the clubhead causes the shaft to bend, storing energy in the shaft. The best results are obtained when the shaft is just stiff enough to recover to a straight configuration exactly when the ball is hit. When this happens all of the stored energy is converted to energy of motion and contributes to clubhead speed. In addition with the shaft straight at impact, the clubface is square to the ball.

When determining which shaft flex is suitable for your swing try hitting clubs with different shaft flexes. This will enable you to better understand the role of shaft flex in hitting a golf ball.

And as the unknown golfer says:

(This is one for the ladies)

Are we playing mens rules today, or are we counting all the putts?

At Speedy you're a Somebody

Friends,

The Georgetown Hockey Heritage Council and the Kinsmen Club of Georgetown would like to thank everyone for joining and supporting our celebration of the outstanding contribution made to Hockey in Georgetown by our 1993 recipient - Jim Ford. Our 16th presentation was a memorable evening for all and a moment we are sure will be cherished by Jim and his family.

We would like to apologize to those who attended our dinner expecting to see the advertised guests - Pat Burns, Gerry Dobson and Mike Keenan. Unfortunately we failed to produce them. We regret that you may have been disappointed, but we hope you enjoyed Mark Hebscher, Scotty Morrison, Bob Rouse and Ron MacLean.

We look forward to your continued support in our effort to recognize those people who have made hockey in Georgetown so enjoyable.

HOCKEY HERITAGE COMMITTEE
