## 10 Minute Oil Change Centre

featuring Quaker State Products

Corner of Mountainview Rd. N. & Armstrong Ave., Georgetown **877-9394**

Halton Hills Chamber of Commerce presented 32 apprentice graduates with certificates of appreciation at Georgetown's Mold Masters Ltd. last Thursday. The apprentice program is a joint venture of Mold Masters, the Chamber of Commerce, the provincial Ministry of Education and training and the Ministry of Skills Development. Pictured above, back row, from left: Bob Malcolmson, Chamber of Commerce president, Jobst Gellert, Mold Masters Ltd. president and Jack McLaren, Apprentice Branch representative of the Ministry of Education and Training. Front row, from left: general machinist apprentices Craig Banks, Tom Shannon and Domenic Giordano. HHTW photo

## Thinking About Home Theatre . . . ? Find Out About Dolby Pro Logic Surround at G/S Television - Where Advice Really Is FREE!

**DOLBY SURROUND PRO LOGIC**

Most of today's movie video soundtracks include Dolby Surround sound. This means that surround signal information is encoded on the tape — to bring you the kind of three-dimensional effects and atmosphere intended by the movie's director. With a built-in Dolby Pro Logic Surround processor, the new Technics receivers make full use of this information to deliver a powerful, three-dimensional sound for enhanced home video enjoyment.

Pro-Logic also provides directional emphasis circuitry and an additional centre channel. By improving separation between channels, the Pro Logic Active Decoder assures superb imaging for a realistic, powerful surround effect. Whether it's a person or a car moving across the screen, the sensation of movement is incredible — just the way the movie director meant it to be. And for added presence, dialog seems to come right from the screen. Voices are linked to the actors on the screen, not to some point off to the side.

### Car thefts rising

The Halton Regional Police Service has observed a significant increase of 34% in theft of auto occurrences in the City of Burlington during the first two months of 1993.

In an effort to combat this increase, the Halton Regional Police Service is offering the following suggestions:

- Ensure the vehicle is locked.
- Never leave your vehicle with the engine running
- Keep your car keys and house keys on separate rings
- Never have an identification tag on your key rings — thieves may use it to locate your vehicle or your residence
- Never leave your valuables unattended. If they have to be left in the vehicle, secure them in the trunk
- Park the vehicle in a well-lit and busy area, if possible
- Do not keep your vehicle registration inside your car. If stolen, this gives would-be thieves personal information about you. Carry it with you.
- Join Operation Identification — engrave your car's equipment such as batteries, stereos, cellular phones, hubcaps, etc.
- Use non-flared locking buttons on your car doors to deter thieves from entering your car with a coat hanger
- Call the Police immediately if you suspect a theft has occurred or is about to occur.
- If you are a victim of a theft, report it to the Police immediately.
