McNally Minor Novices nipped

The Wm. McNally Construction Minor Novice Raiders were able to take game #5 April 2 to tie up the Tri-County series points 5-5. They beat Flamborough by a score of 3-2.

The Raiders were determined to win another game to take the series to a sixth game in the best three of five series.

Goal scorers for the game were Rusty Parsons and Billy McDonald (2).

Assists were claimed by Brandon Pearce, Byron Jacome (2), Brett Velten and Thomas Stokes. Flamborough pulled their goalie in the third period but the game belonged to the Raiders. Donnie Lane was once again hot for his team.

The Minor Novice Raiders traveled to Flamborough last Sunday to play the Tri-County championship

game. With the stands full of Georgetown supporters, the Carlisle Arena was set rocking.

The Jr. Raiders came a long way after finishing last in their regular season standings. They got past Milton to take on Flamborough in a battle till the end. Great coaching by Jeff Sargent and his partners, Bill Robinson and Ed Pearce improved the team immensely to become Tri-County finalists.

The scoring opened with the Raider's Billy McDonald smashing one in a 6:33 in the second period. Scott Tostrup made a terrific pass to help put Georgetown on the scoreboard.

A strong consistent offence and defence kept the lead until 8:57 into the third.

Both teams played neck to neck

to take the game into a 10 minute overtime period. Goaltender Donnie Lane had his gloves smokin', making some great saves and some fantastic poke-checks. His partner, Al Humberstone, supported him the whole game, cheering him on.

Although the entire Jr. Raider squad fought till the finish, Flamborough was able to squeak one by at 4:23.

A great game was played by the whole team. Congratulations to the coaching staff and the Jr. Raiders. The Minor Novice Raiders were the only Georgetown team to go this far in Tri-County, taking the series into a sixth game. The Jr. Raiders had a great season and are looking forward to a tournament in Buffalo on April 16.

Golfers... DID YOU KNOW?
with Len Dadds

CLUB LENGTH

One of the biggest myths in a golfer's mind is the notion that taller golfers need longer clubs and shorter players need shorter clubs.

This is not necessarily so. Length in all but very unusual circumstances should be determined by what the golfer feels most comfortable and confident with. Also, a golfer's playing ability and coordination are key factors.

A tall golfer (6'3") who has a hard time hitting the ball solid on the centre of the clubface may be better off with standard length clubs.

On the other hand, a shorter golfer (5'6") who hits the ball solid and on the centre of the clubface may want to try 1/2" to 1" longer than standard clubs to increase distance. Increased club length will usually increase distance.

There is one consideration, however - the ball must be hit on the centre of the clubface. The longer the club, the harder it is to hit the ball in the centre of the clubface, and the distance lost from off centre hits is quite substantial.

And as the unknown golfer says:
golf and sex are two things you don't have to be good at to enjoy.
