**Hospital finances well in hand**

John Oliver, Executive Director of Georgetown and District Memorial Hospital, has announced the appointment of Monique Porlier as Assistant Executive Director of Finance.

A Chartered Accountant, Porlier joined the hospital's senior management team on March 24. She brings with her four year's experience at Price Waterhouse in Mississauga, and nine years as Comptroller in the industrial chemical industry.

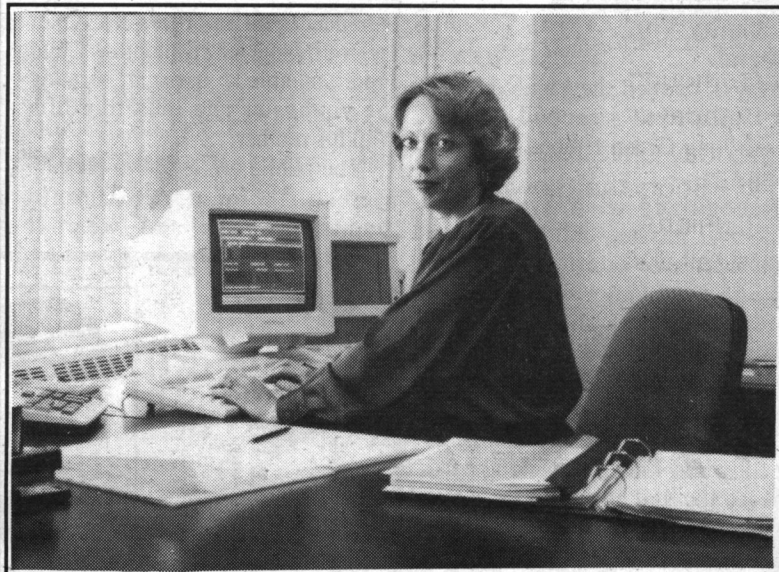

According to Oliver, while moving into the health care field was a major career change for Monique Porlier, her financial skills and experience, as well as a broad knowledge of MIS (management information systems) make her a valuable asset to the financial team.

On the subject of computers,

Porlier says, "I have been very impressed with the hospital's recently-introduced Patient Registration System which enables us to better respond to the needs of patients and the community. Over the next two years, additional automation will result in increased efficiency and improved service."

When off the job, Porlier turns her attention to leisurely pursuits in her home town of Acton, where she has been involved with ASSIC, the Acton Social Services Information Centre.

Established in 1961, Georgetown and District Memorial Hospital is a 112-bed primary, acute care and long-term-care facility. As a primary health care provider, the hospital is committed to identifying the health care needs for Halton Hills, and developing programs in cooperation with other health agencies.
