Creative Arts night planned

The Halton Industry Education Council - Career Centre is sponsoring a career night on Communication and Creative Arts Careers on Tuesday from 7 - 9 p.m. at 5230 South Service Road in Burlington.

Are you interested in the future of careers in the arts? Young people should realize the tremendous importance of art in the twentieth

century and the broad range of career opportunities available to them.

The objective of the Career Fair is to provide students with an opportunity to speak informally with a variety of professionals who work in the communication and creative arts field to discuss educational and career opportunities. Timothy Porteous, President of the Ontario College of Art will deliver our keynote address at 7 p.m.

Some of the areas which will be represented are acting, animation, expressive art therapy, fashion design, graphic design, journalism, publishing and much more. Representatives from the Ontario College of Art, Ryerson Polytechnical Institute, Sheridan College, York University and the Recording Arts Program of Canada will also be in attendance to address questions about post secondary education and training.
