Klipper Wilco sweeps series

By Kathy Wade-Vlaar

There was only one surprise in the \$53,000 Final of The Princess Pacing Series at Mohawk Raceway on Sunday night.

The least surprising was the outcome as favorite Klipper Wilco paced to a lifetime best 1:55.4 mile for the father-son team of trainer Chris Christoforou and driver Chris Jr. to sweep the entire series.

The fact that she didn't control the mile was the biggest surprise but the Falcon Seelster filly Falcons Wish left so hard and fast from the outside eight hole, Chris and his

HoofBeat

filly really didn't stand a chance.

"I would have rather had her on the front, but Roger's horse (Falcons Wish) left so quickly I don't think we could have beat her," explained Christoforou Jr.

The trip worked out well as Klipper Wilco enjoyed a pocket trip despite not picking up the lines until past the half. That translated into a three length gap between her and the leader at the :27.4 quarter and the :56.4 half.

"She's sometimes a hard horse to keep interested in the race unless she has the lead," continued Christoforou, "she hesitated a little bit when I first tried to get her rolling. But once she gets to the front, she's very game."

Klipper Wilco took over past the three-quarters which was reached in 1:27 and cruised to a two length win over Classic Wish and On Fire Again.

It was the third win in five starts for the bay daughter of Laag who is owned by Frank Colville of Toronto and John Vanderwerf of Fenelon Falls. The win boosts her season's bankroll to \$43,887.

Klipper Wilco will travel to Maywood for the Cinderella Stake, then on to Scioto for the Scarlett O'Hara.

Wilcos Index, a five year old son of Fundamentalist has proved to be a money-making claim for Lou Arsenault of Freelton who took him on March 22 for \$12,000. Wilcos Index scored his third win in four starts on Sunday night for Arsenault in the \$20,000 claiming events with a purse of \$8,800 with Roger Mayotte at the helm.

On Saturday night Ritchies Imperial took over for a :56.4 half enroute to a 1:54 five length win over Wilcos Kosby and Leningrad in the \$14,000 three year old open. Make A Face finished fourth. Ritchie Imperial was driven by Bill Gale for trainer Bill Robinson and owner Vincent Li of Willowdale.

In the \$25,000 Junior and Free For All Pace, Reactor Lobell and driver Daniel Martin combined for a 1:53.1 victory over Must B Invincible and Pundit. Trained by Dave Boughton for Jean Pierre Lareau of Montreal, it was the son of Slapstick's seventh win in 12 season efforts and marked a lifetime record.

Out of Town ... Cambest held on for a nose 1:51.4 victory over Shady Daisy in the \$75,000 final leg of the Graduate Series on Friday night, which was simulcast to Mohawk from Blue Bonnets in Montreal. The \$200,000 final of the Graduate goes postward this Saturday at The Meadowlands and will be simulcast to Mohawk and all OJC intertrack outlets.

Riyadh from the Bill Robinson stable paced a 1:51.4 victory in one \$24,600 elim. of the Miller Memorial at Rosecroft while his stablemate and last year's leading two year old, Presidential Ball finished second to Vine Street in 1:52.2 in the other elimination. Vince Street is trained by Bob McIntosh. The final of the Miller goes postward on Saturday, May 8th.

Trainer Bill Robinson's Silver Almahurst paced a 1:49.4 effort in the \$25,000 Winners Over Pace at the Meadowlands on Saturday night for driver Jim Morrow Jr. The mile was the fastest of the year and only two-fifths of a second off the all-age world record set by Artsplace last year.

COMING UP ... The Mohawk Pacing Series for three year olds gets underway Sunday at Mohawk and will preview some of the North America Cup eligibles ... Sunday is Mother's Day and all ladies attending Mohawk or any of the OJC's intertrack outlets can enjoy FREE GENERAL ADMISSION .. circle Tuesday, May 18th on your calendar ... this is an extra special Seniors' Night as veteran radio broadcaster and long-time harness horse owner Earl Warren is the event's VIP guest and host. All seniors 60 and over will enjoy FREE general admission, FREE preferred parking, and FREE programs. Earl will be on hand with one of his favorite race horses to welcome fans, sign autographs, handicap the races, draw winners for prizes, and MC a special dinner in Sports. THE MAKING OF CLUBS FORGED

The making of a forged club involves the forcing of heated steel into a master mold. In the case of iron heads, a series of molds representing the full set of irons. The molds are converted into pairs of steel forging dies, each representing a "negative" of half of a clubhead. The top die is attached to a forging hammer and dropped under pressure of up to 4 million lbs. onto the bottom die, with the metal heated to 2200 degrees F. sandwiched in between. What comes from the mold is a rough shaped iron head marked by a parting line where the upper and lower dies met at impact. The parting line is removed by a special trimming die and a series of wheels are used for basic grinding and deburring. A series of abrasive belts and wheels are used to remove scales and imperfections formed during forging and to grind and polish the head into its final shape. The hosel is bored out and the head ground to its proper weight. Roll dies then stamp the grooves, logos, name and numbers onto the club head. The head is then cleaned, chrome plated and the face sandblasted in the scoring area to provide a roughened surface.

And as the unknown golfer says:
Never buy a putter until you've had a chance to throw it.
