Wind ensemble earns silver

By Bryn Davies

Congratulations to our Wind Ensemble who earned a silver standard of the National MusicFest competition in Edmonton.

With a total of 178 school participating and only 12 gold prizes being awarded, this caps another exceptional year for Ms. Wallace and her music students. They will be performing their final concert of the year at GDHS on Saturday, June 5.

Congratulations as well to Sabrina Bassett, David Carney, Mike Evans, Glenda Hutchinson and Christy Michalak who represented Georgetown at the Ontario Latin Classics Conference at Trent University.

Sabrina received a first in the 50-meter free style swim and Mike earned a second in the junior boys' 100-meter dash. As well, our team placed second in the junior academic Pentathlon, covering contests on Roman Life, History, Mythology and Latin Derivatives and vocabu-

lary.

We have received a few calls regarding the expectation that next year students who wish to participate in co-curriculars, especially athletics, must be full time.

It has always been the policy of the Athletic Association, at the Ontario, Golden Horseshoe and Halton levels, that athletes must be full-time students. It is the government who has redefined "full-time" from a minimum of two courses per Semester to a minimum of three courses per semester.

This week, GDHS and General Brock High School are hosting a Healthy Sexuality Fair for high school students throughout Halton. This pilot project has been planned in conjunction with Halton Public Health.

All GDHS phys ed classes will visit the interactive storefront displays during the week. Special thanks to Mrs. Vella for her work on our behalf.
