

Fabric outlet centre can help

By Kimberley Rogers

Need to get life and excitement back into a room? Bright fabrics and wall coverings freshen any room. New fabric designs that coordinate with wallpaper add a whole different dimension to decorating.

Although the price of coordinating fabric can sometimes hit the extreme, there is a wide variety to choose from. An affordable idea that won't distract from the overall impression is to select a coordinating color from the wallcoverings or furniture and visit a fabric outlet centre that will provide you with selection and price.

Small changes such as pillow slips with coordinating curtains can make a statement in themselves. Painting old furniture with bright

new colors spruces up dull pieces; creating a finished look if coordinated with existing color schemes.

Painting walls with bold colors and varying a shade lighter or darker for the trim can add life and vibrance.

Don't forget to take a close look at your floor coverings. Bright new selection of flooring, tiles and carpet can give a room that extra boost of life.

Whether mixing or matching colors, furniture or those "added touches" always stick to the main theme or focus of your room.
