Thoughts on Kim Campbell as Prime Minister

Joan Robson, Glen Williams: "I don't think she will be afraid to express her opinion. She will have to prove herself though."

Peter Baxter, Georgetown: "Time will tell. Politicians are good at the start but then later, they don't seem so good."

Angela Tremblay, Acton: "She will be as good as any male political leader. She can do as well as people are willing to give her a chance."

Dan Wiggins, Georgetown: "She is assertive, and a welcomed change. She will be a good leader for the Conservative Party."

Bill Campbell, Georgetown: "She will be a good prime minister. It's nice to get away from the French political leaders."

Freulers celebrate 25th Anniversary

By Betty Sojka

June 27 was a very special day for Bernie and Carolyn Freuler. This long married couple celebrated their 25th wedding anniversary. About 30 people gathered at the home of Eileen and Ernie McEnery for a party held outside. All of the original wedding party except two were there to join in the merriment. A lovely buffet supper was enjoyed. Carolyn is Ernie and Eileen's daughter. Congratulations and best wishes for another 25.

June 22 proved to be very

Ballinafad News

lengthy Hall Board meeting. Many items were noted and discussed. The parking lot is now evened up with a fresh load of gravel filling all the pot holes. The parking lot was also nicely graded. Erin Township has grant money enough set aside to the soccer field and fence, renovate the side/back hallway and bathroom, plus install some eaves troughing around the building. A concern from a resident was brought with regard to the soccer balls going into

their yard. Already balls have gone in, with children climbing the weak fence to retrieve them. The residents are concerned about their fence as well as their dogs that might get out.

Financial statements were read for the months of April and May. A new sewage ejector is quite necessary, as there have been a few back ups of late, when the community centre has been rented out for private functions. Water leaks are also apparent in the down-

stairs men's washroom coming from the wall, and in the furnace room from the ceiling. A walk around check was conducted around the building. All emergency lights not working had the bulbs changed. A quote of \$43,000 to install lights at the baseball diamond was shelved because of the cost. The quote did not include hookup to the main hydro line. Though there was much time taken to discuss these items, another meeting will have to be held to plan the steps needed to resolve them.
