

ASSIC Alert

Parents, need a break?

Being a parent/caregiver can be the hardest job in the world. It can be hard being home all day with just a toddler to talk to.

Why not join a Parent-Child Centre? The Acton Parent and Child Resource Centre is open every Monday, Wednesday and Friday from 10:30-2:30 p.m. in the Acton Citizen Band Hall, 85 Wallace St., Acton. The Centre is offered to parents/caregivers and their children from birth to five years of age.

The Centre offers an informal and relaxed setting where a children's program is provided. While at the centre, you and your child can enjoy crafts, sing songs, story time or play games. As a parent/caregiver, you can enjoy adult conversation or browse through the books and pamphlets in the Resource Library. Come for an hour or bring your lunch and stay for the day.

The Centre also has a toy lending library and offers workshops throughout the year. Need a break? Visit the Parent-Child Centre today?

For more information, please call 853-2574 during hours of operation or call Acton Social Services and Information Centre at 853-3310. We are located at 19 Willow St. North, Acton.

Note: Georgetown also has a Parent and Child Centre offering a similar drop-in program and workshops. Unfortunately, they are closed for the summer months but will reopen on Sept. 13.

Tooth Chatter
by **ALEX TRENTON**, Denture therapist

DENTURES - SORE SPOTS

The main reason for having sore spots is illfitting dentures. Your mouth is constantly changing and your gums are constantly shrinking. Also, denture wear causes discomfort. It is always important to note that an illfitting denture does not have to be a worn out "old" denture. It is possible to have a new denture that is illfitting, but for many different reasons. It might not have been made right from the start.

OTHER REASONS FOR HAVING SORE SPOTS

As you get older, your body goes through many changes. Tissue can become more sensitive to pressure which can cause irritation.

Medication can give you a "dry mouth". This makes it more difficult for the denture to suction to the roof of your mouth. It also can cause rubbing which causes sore spots.

If you have recently lost weight, your gums also become smaller. This can also cause sore spots.

If you are having trouble with sore spots, contact our office.
