Ungrateful tenant rips-off landlord

A 22-year-old male border, living on Trafalgar Rd. in Georgetown, took a quantity of the landlord's rings, watches and other jewelry Saturday night, along with a credit card and the landlord's van. The 1987 white Ford van was returned late the following evening, when the man was arrested by police in the driveway and charged with two counts of theft over \$1,000, theft of a credit card and possession of stolen property. The jewelry, valued at \$4,100 was not recovered and is believed to have been sold for drug money.
