## Watch your mail closely for... the NO SURPRISES PAYMENT PLAN

It's the smart, safe and easy way to pay your hydro/water bills... and avoid "big" seasonal bills!

It's coming! It's the NO SURPRISES PAYMENT PLAN and it's a simply, pre-authorized method designed to put you in charge of your bills...

- Your hydro bill stays the same all year round - no more of those big bills falling due during peak seasons.
- You'll know, in advance, the amount of your hydro/water bill each month.
- Save time. You won't need to write any more cheques to Halton Hills Hydro.
- Save money. You'll never have to pay late charges again.

Here's how it works...

1. Check your mail for a letter including a monthly payment figure which will REMAIN THE SAME over 11 equal monthly payments for the next year.
2. Complete the form to pre-authorize these equal monthly deductions from your chequing account...and return the application card along with a blank cheque marked "VOID".

We'll take care of the rest!

No more stamps. No more mislaid statements. No more big seasonal bills. NO SURPRISES!

### THE SHOCKING NEWS ABOUT OXIDATION

Attention, pool owners everywhere! BioGuard® has some "shocking" news for you.

The inside scoop on keeping your pool clean, clear and sparkling blue starts with the BioGuard Three Step Program. Step one kills bacteria; step two oxidizes swimmer wastes; step three prevents algae.

Let's take a closer look at step two - oxidizing swimmer wastes. Periodic oxidation, or shocking, breaks down many organic wastes that can cloud and/or color water and cause odorous, irritating chloramines. Many people think the unpleasant smell that results is caused by too much chlorine, when the reverse is actually true.

Here's what happens. When not enough chlorine is free and available in the water to rid it of wastes, the chlorine is "tied up", causing chloramines, the real culprit. To get rid of these chloramines and free up the chlorine to work, BioGuard Burn Out® is a tried and true excellent oxidizer.

Shocking your pool regularly with BioGuard Burn Out® restores the sparkle and shine to water.
