

Focused Bantam Eagles clip Thorold's wings

By Mike Zrostek

After dropping the first game in their best-of-three OBA playoffs series to Thorold, the Georgetown M & M Pro Sports Bantam Eagles came back strong, winning both games Sunday at the Fairgrounds in convincing fashion - 8-1 and 10-5.

"Thorold didn't have much of a chance because we were focused and intense," said Eagles head coach, Steve

Kucherawy.

Lucas Wood pitched outstanding in Sunday's first game, going seven innings, striking out nine and allowing only one unearned run. Other than the run, no Thorold runner made it past second.

Wood was backed by great defense as the Eagles committed only one error.

Brian Rae, in his first year of baseball, had a two-run double, while Martie

McKinnon went 2-for-4 including a two-run double. Steve Gibbons drove in two with a single.

The Eagles didn't look back in the rubber match as Martie McKinnon and Adam Petch both were on the top of their games.

McKinnon went 5 1/3 innings giving up only two hits but did not have the defense support Wood had earlier in the day. Petch went

the final 2 2/3 innings allowing only one base runner.

"The defense had me worried a bit because they were booting the ball around, but Petch came in and you could tell he didn't want to lose," said Kucherawy.

Rae again had a key hit driving in two with a single while Petch was 2-for-3 while scoring twice and Wood went 1-for-2, walking twice and scoring three runs.

Catcher Neil Smith had a great afternoon behind the plate throwing out five would-be base runners while blocking balls all day. Smith also drove in three over the two games.

The Eagles now advance to the OBA Final eight in "C" division in Bolton over the Labor Day weekend.

Kucherawy's concern for the tournament is his pitching depth.

"We may have to play six games in four days and like other coaches, I used my best pitchers to get to the OBA's and we have a couple guys who haven't pitched in a while."

Midget Eagles rout Tillsonburg

By Mike Zrostek

The Georgetown Stanley Acme Track Midget Eagles dropped the opener of their best-of-three Ontario Baseball Association playoff series before roaring back to crush Tillsonburg this past weekend 13-1 and 10-4.

After losing game one 9-8 Thursday, the Eagles stormed back Saturday, led by some stellar pitching performances and some major offensive outbursts.

Jose Mora scattered five hits over five innings in the

13-1 romp.

Grahame Kennedy and Don McLeod both pitched strong in Saturday's second game, with Kennedy giving up one run over four and McLeod coming in to finish off.

Offensively, the Eagles attack was fairly spread out in the three-game series with Kennedy going 6-for-12 and Brett DeSouza, Doug Sheppard and Steve Onoprijenko each collecting five hits.

Manager Boyd Hoddinott was pleased with the effort

the Eagles gave after dropping the opener.

"The guys played well overall and the defense played well in the two games Saturday. After we let the first one get away, the guys came back and showed a lot," he said.

The Eagles now advance to OBA playoffs Labor Day weekend taking on Bolton in the opener. A game, says Hoddinott the Eagles are looking forward to, since Bolton beat the Georgetown team in a key tournament two years ago.

Work That Body

offers

ENERGY IN BALANCE

a weight management and lifestyle behaviour modification program

Through one-on-one fitness assessments, training and counselling sessions, we will take you through an "EIGHT WEEK CHANGE PROCESS." If your goal is to own a lean, healthy body, you must manage the food you eat (ENERGY IN) and you must make exercise an enjoyable part of your life (ENERGY OUT).

Our resident Exercise Physiologist, Laurie Burns, will determine the best program format for you, then one of our Certified Fitness Leaders will become your personal trainer and work with you to achieve your goals.

8 wks. \$199 - 12 wks. \$299
includes use of Club facilities plus fitness appraisal and weekly consultation

OUR FACILITIES: Work That Body is centrally located at the corner of Guelph and Mountainview Streets in Georgetown. We take pride in our clean, well-maintained facilities. Our equipment is continually being updated and is state-of-the-art.

OUR FITNESS STAFF: An Exercise Physiologist heads our team of professionals. Our exercise areas are supervised by NFLAC and STFA certified instructors. As well, all staff are trained in CPR and EMERGENCY FIRST AID.

OUR PROGRAMS: For your safety, we will request you fill out a Physical Activity Readiness Questionnaire to ensure you are able to participate in an active lifestyle program.

A SATISFIED CUSTOMER WRITES:

AMAZING!!! This program of yours called ENERGY IN BALANCE which I began in March 1993 and completed 12 weeks later, was just that-- amazing.

I had been searching long and hard for ways to control my weight which had ballooned to more than thirty pounds over my desired level. Even though I played squash at least twice a week, I found it wasn't quite enough and thought I might try some sort of other exercise program.

Each week in our consultation times, it helped a lot to have my food diaries reviewed and plan the next weeks activities and goals.

After the twelve weeks, I was amazed by the difference. I went from 35% body fat to 28% which brought me from the low-fair to the high-average category. My heart was working better, my blood pressure was lower and my aerobic fitness went from fair to fit. I could even do 10 pushups whereas I could do none previously. Overall, my fitness score went from 36 to 62; from fair to fit. That is wonderful!

Thanks to all the support and encouragement from you, Laurie, and all the staff at WORK THAT BODY. Without everyone's help I would have been discouraged and given up at the half-way point for sure. Right now I feel so much better, my clothes fit so much looser and I know I'm in firmer shape. I have now decided to continue with a fitness program.

Thanks to WORK THAT BODY I'm more healthy and more aware than at any point in my 49, almost 50 years!

Ruth Kuchinad July 1993.
