

## Ramautarsingh appointed to select group

The Ontario Council of Regents for Colleges of Applied Arts and Technology has appointed Tom Ramautarsingh of Georgetown to the 20-member Prior Learning Assessment Advisory and Coordinating Group.

This group will provide policy, funding advice, planning and the coordination of PLA training and marketing relevant to prior learning assessment.

The PLA Group's mandate also includes responsibility for monitoring and evaluating the colleges' experience with prior learning assessment and providing the Minister of Education and Training with an annual report in this regard.

Prior Learning Assessment is a process using a series of tools, which assist learners to reflect, identify, recognize, articulate and demonstrate past learning in order to have it measured, compared to some standard and in some way acknowledged by a cre-

Tom Ramautarsingh

dentialling body.

It is based on the premise that adults acquire skills and knowledge through many means of formal or informal study. For Ontario Colleges of Applied Arts and

Technology, a PLA system evaluates this learning and relates it to courses and programs for the purpose of granting college credit. PLA will facilitate lifelong learning, make colleges more accessible to groups which have been under-represented in the past and increase the efficiency of the colleges by eliminating the need for unnecessary retraining.

Mr. Ramautarsingh, who has served at all levels in the education field said, "It is a great opportunity to serve Ontarians in an area which needs some focusing and action in meeting the present-day needs of citizens at the college level."
