Figure skating registrations not that far away

By Sally Plackett

It will soon be time to lace up those skates for another season of on-ice enjoyment.

When buying skates, do keep a few things in mind. They should provide a snug, comfortable fit around the instep and heel and there should be enough room to wiggle the toes.

They should be made of a firm material to help support the ankle. Do not get skates several sizes too big to allow "room to grow".

The sooner skaters get off the ankles and onto the skate blades, the sooner the skater will know and love the joys of skating.

The blade should be made of a good stainless steel so that it will glide smoothly and stay sharp.

To learn to skate whether you want to just learn to skate for fun or to play hockey or to go into figure skating, your local skating club has the program for you. It is called the "CANSKATE" program. You can do a 1, 2 or 3-day program. It is for

boys or girls between 3 to 12 years old.

The fundamentals of skating are taught by qualified professional coaches and assisted by qualified amateur instructors. This includes forward and backward skating, stopping, turning, jumping

and the four basic edges. These fundamentals prepare skaters to begin figure skating, hockey, ringette, speed skating and recreational skating.

The Georgetown Figure Skating Club's registration will be held at Gordon Alcott

Arena on Monday, Sept. 13, 6-8 p.m.; Wednesday, Sept. 15, 6-7 p.m., and Monday, Sept. 20, 6-8 p.m.

Acton Figure Skating Club registration will be held at the Acton Arena this coming Saturday, and Saturday, Sept. 25, from 9 a.m. to 12 noon.
