

Downtown gearing up for Moonlight Madness

By Margaret Vint

Needless to say we are now into the month of September and the last long weekend of the summer has come and gone. The children have returned to school and in Downtown the businesses are getting ready for "Harvest Moon"-Light Madness, an evening you won't want to miss. Dianne P. Skinner
72 Mill Street

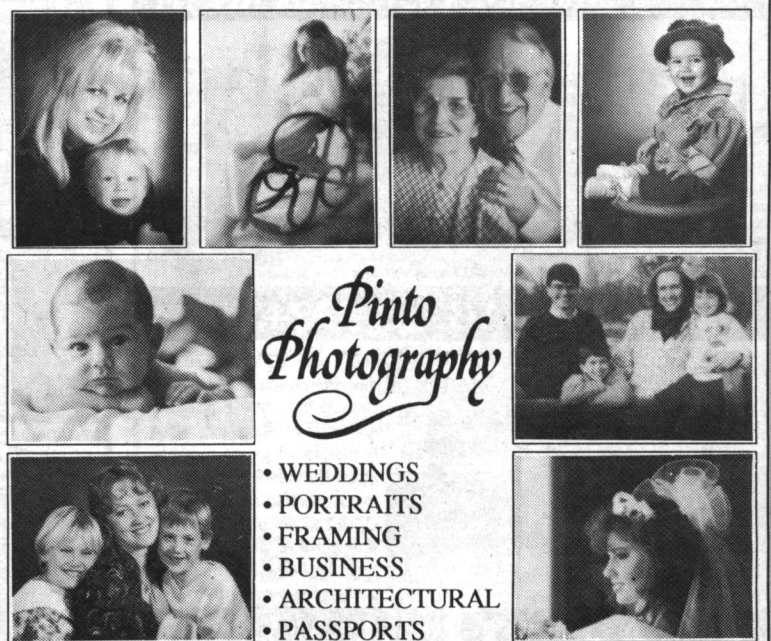

Dianne P. Skinner, Denturist, offers her denture services in her clinics held on Saturdays. Special visits can be arranged.

The Skinner Denture Clinic, located at 72 Mill Street here in Georgetown has been providing denture services to the residents of Georgetown and surrounding area since December 1991. Owned by Denturist Dianne Skinner, an honours graduate of Denture Therapy, the Skinner Denture Clinic has been growing steadily ever since as more and more residents experience the caring and professional service provided.

When asked why she chose Georgetown to establish her practice Dianne said, "I considered various towns in which to locate my practice but after driving through Georgetown I felt comfortable here and decided this was where I wanted to be."

Dianne and her husband have been in her part-time lab technician for three years. They have a family shortly. Steven Skinner is a Quality Assurance Specialist for dental X-ray systems.

Those pre-appointments can't help but feel that at Skinners. They truly care for every one of their patients. Discuss any concerns or questions with Dianne from walk-in and referrals at Skinner's will also be accepted at hospitals.
