

Downtown offers a plethora of services

Have you picked up your copy of the Downtown Georgetown Business Directory yet? If not, you should drop into one of the stores on Main Street South and get one of these informative folders which lists, in alphabetical order, all of the services available in the area.

For instance, did you know that there are three clubs downtown and that one of these caters specifically to women? If you want to contact any of these clubs to find out more about their programmes, their addresses and phone numbers are listed inside the first page of the folder.

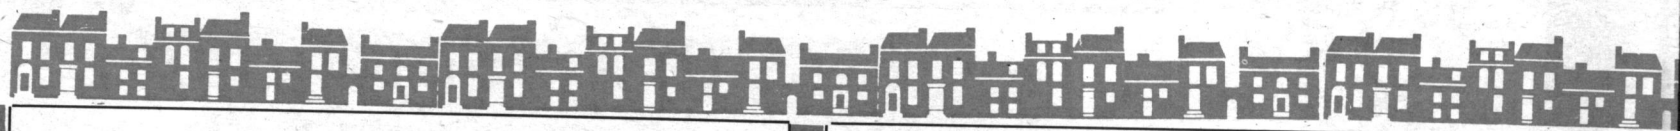

Some of the professional services offered downtown include - accountants, architects, chiropractors, dentists, doctors and lawyers. For example, if you are seeking a qualified masseur, look under therapeutic massage, or, if you need to have dentures made or repaired, check under denture therapists.

Perhaps, rather than care for yourself, you need to have day care for your child. If so, two centres are identified in the directory. Do you have a child who dreams of joining the National Ballet someday? - there is a dance school listed. Or maybe you have a teenager who wants to learn to drive...check for the downtown driving school that has been in successful operation for several years. If you can't drive, and don't want to learn, try calling the downtown taxi service.

There are four major financial institutions available on Main Street South to meet your needs, including two banks and two trust companies. Your insurance and real estate needs can also be met in the downtown core, and perhaps you might like to use one of the downtown pubs or restaurants to

This week featuring... **CAROL'S**
 Downtown Georgetown

The friendly staff at Carol's offer professional beauty services. (left to right) Isabel, Jeannette and Sylvia, from

After extensive renovations by the new owners, Greta Spalding-Martin and Isabel Brown, Carol's hair and beauty salon re-opened on the West side of Main Street South in July 1992. Previously, the salon had been owned and operated for over 10 years by Carol Barrow of Georgetown and was located on the East side of the street, beside Henry's Men's Clothing store. All of the staff, who had worked at Carol's for several years, made the move to the new premises.

Among the hairstylists, Sylvia Ladoucer is the employee with the most years of service, followed by Jeannette Giesen and Alda Viveiros. Lynn Secord is the newest hairstylist, having been employed only since April of this year, but already she is establishing her own clientele. The salon is fortunate to have retained Barb McCrea as the receptionist/assistant manager, since Barb is well liked for her friendliness and helpfulness to customers. Also, since February, Isabel Brown, R.N. has been providing primary foot health care.

The goal of everyone on staff is to continue Carol's tradition of providing a full range of friendly, professional, esthetic and hair care services for the entire family. In addition to professional beauty services, the salon sells high quality products such as Joico, Infusium, Scruples, H20K, Dr. Renaud, and Gehwol.

In order to continue to provide such services, each member of the hairstyling team is keeping up to date with new products. In addition, each one has developed a specialty of hair and beauty care. Sylvia, for example, has the ability to relate to more mature clients and her regular customers for ten years have shown her empathy, interest and understanding. Although she is the newest member of the team, Lynn will have completed an advanced course of the hairstylists will then have special services to carry out temporary and permanent hair color. In addition to hair services, the salon offers manicures.

For those clients who enjoy a relaxing treatment for special occasions such as wedding parties, Jeannette has completed advanced training as a manicurist, pedicurist, and there is another specialist in waxing. Most of the waxing is done by hand. Several years of experience in waxing techniques, non-reusable, hot honey wax.
