MacDuffee slams "elitist government"

In reacting to Prime Minister Campbell's statement that an election was not a good time to discuss changes to the Social System, Reform Party Candidate Dick MacDuffee stated: "This is a perfect example of the elitist, top down government attitude that Canadians have been subjected to for 20 years. Prime Minister Campbell evidently does not trust the Canadian people, yet she

Dick MacDuffee

expects the Canadian people to trust her for another term." MacDuffee went on to say: "The Prime Minister says she cannot give an accounting of how she will eliminate the deficit, because the books are in disarray. People must ask, 'Who left them in that state?' Since three-fourths of the cabinet are Mulroneys, she has no one to blame but her

own government. The time has come to change the system, not just the players! Reform has 207 candidates across this country who are committed to giving more direct democracy to Canadians.

"This country is reeling from 25 years of Liberal-

Conservative mismanagement," MacDuffee said, "and the Reform Party is the only

party in this election with a viable deficit reduction plan that spells out, line by line, in writing, exactly how we would balance the books in three years."

Smoke alarm saves family

A fire broke out Wednesday night in a townhouse on Pine Valley Trail in Georgetown, but residents were evacuated without any injuries. The fire began in the upper-story bedroom at 8:20 p.m. The mother, her two children and her sister fled when the smoke alarm went off. Although the cause of the blaze has not yet been determined, a police report indicated the fire began in the floor area.

Damage has been estimated at \$10,000-\$15,000 and the family did not have contents insurance.

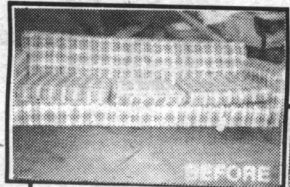

The Ontario Fire Marshall's Office will be investigating.
