Turner on CBC's Prime Time

Halton-Peel MP Garth Turner will speak for the Conservative Party in CBC's nationally-televised Town Hall meeting to be broadcast on Prime Time news, Monday, October 11.

The third in four such election issue broadcasts, this Town Hall will debate issues which are relevant to today's young voters, before a studio audience made up of decided and undecided young people. Five political parties will be represented in the debate. The Town Hall meeting, hosted by anchorman Peter Mansbridge, will be broadcast at 9 p.m. this Monday on the CBC television network.

Duplicate Bridge

In Duplicate Bridge competition last Monday at the Georgetown Legion on Mill St., for the first time this year, there was a tie for first place.

The team of Doris Barber and Elsie Whitham tied for the Number One spot with the team of Jack Kaarsemaker and Norma Maynard. Finishing in second place was the team of Lorena Norris and Annie Schaeffer and finishing third, were Lala and Mike Ranzos, new attendees to the Monday afternoon bridge sessions.

Anyone wishing to join in the Monday afternoon sessions is more than welcome to attend, but must be at the Georgetown Legion on Mill St., before 1 p.m.

For more information on the duplicate bridge sessions, contact Norma Maynard at 877-8918.

NEW!

**LAVEDENT DENTURE
CLEANSER**

Cleansing with "LAVEDENT"

As LAVEDENT concentrate is added to water, special agents within the cleaner automatically adjust water hardness and soften the water being used. As soon as enough concentrate has been added (1 to 2 capfuls per 8 ozs. of water), the solution is active. As the denture is immersed, the solution immediately begins to dissolve plaque (tartar), and removes debris and odor. Other special agents allow LAVEDENT to penetrate and clean even the smallest cracks and crevices. While LAVEDENT works within the pH range necessary to remove plaque, it is not a strong oxidant or bleach and, therefore, can safely be used on any dentures with soft linings or metal attachments.

LAVEDENT has so many distinct advantages over other denture cleansers. Its regular use makes sense because you will always be assured of having a completely clean, odor-free, fresh denture.

LAVEDENT is not available in stores, but it can be purchased at our office.
