### Halloween dance planned

By Betty Sojka

The Hall Board met for a meeting on Sept. 29. Much of the discussion was focused on the upcoming events to be held at the community centre.

As part of planning for the Halloween Dance, various duties were assigned, among members. Plans were also made for the Nov. 21 Craft Show and Sale. There is going to be a bake table at this event as a fund raiser. The Hall Board is asking for donations for the bake table. Please call 873-7933 if you can help out. Members also discussed improvements to the building.

Tickets are now on sale at the Ballinafad General Store for the Oct. 30 Halloween Dance. The howling fun begins at 9 p.m. and runs through until

### Ballinafad News

1 a.m. The cost is only \$7.50 per person, which includes a cold buffet and the chance to win door prizes. There will be costume prizes as well. Get your tickets early, as they normally sell out fast for this annual event.

It is Euchre Night again on Thursday (tomorrow), starting at 7:30 p.m. This inexpensive evening will only cost you \$3 per person and you even get sandwiches and refreshments. All caliber of players welcome. Let's see if we can fill up more than five tables, like last time.

Better results than GICs.  
Before and after tax.

Industrial Income Fund				
1 year	3 year	5 year	10 year	since inception
15.0%	15.2%	10.2%	13.0%	10.9%

The story: pre-tax results for Industrial Income Fund have outpaced GICs by a big margin. Better still, after allowing for Revenue Canada, the difference gets even bigger.

The reason: the skilled money management of Mackenzie, coupled with lower income tax payable on the dividends and capital gains which form part of the fund's quarterly distribution.

The lesson: for the full story on better returns - before and after tax - from a portfolio more than 75% invested in securities which are fully guaranteed for principal and interest payment by the federal government, you should speak with your independent financial advisor. Today.

Important information about this offering is contained in the Fund's simplified prospectus. Obtain a copy from us and read it carefully before investing. Unlike GICs, unit value and investment return for mutual funds will fluctuate. The indicated rates of return to September 30/93 are the historical annual compounded total returns, including changes in unit value and reinvestment of all distributions, and do not take into account sales, redemption, or optional charges payable by an investor which would have reduced returns. Past performance is not necessarily indicative of future returns.
