## Don't become just another fire statistic in Halton Hills

Year to date as of September

YEAR	ALARMS	DOLLAR LOSS	INJURIES	FATALITIES
1993	351	\$651,820	7	0
1992	390	\$1,160,450	6	0
1991	331	\$764,200	2	0

The Halton Hills Fire Department is making a great effort to reach the adult population of our community with an "Educate to Prevent" program. Each month, statistics will be printed in this newspaper to keep fire safety constantly on the minds of our citizens and thereby reduce the number of fires, the amount of fire loss and the number of injuries or fatalities. The above statistics are cumulative totals to the end of September.
