Roos News...

Rhonda

Rhonda has just returned from The Land of the Nile. The sands of time have done little to diminish the sense of wonder Egypt instills in all those who visit. It is truly one of the world's awe-inspiring civilizations. October to April is the best time to cruise the Nile and visit these ancient lands. Prices including air, cruise and tour begin at \$1499.00.

Cathy

Cathy has just returned from Vancouver, where she attended the Ship to Shore Conference. Here, Cathy had the opportunity to experience 8 very different cruise ships. If you are thinking of a cruise vacation let Cathy describe the many aspects of cruising to you. We have availability on cruises for the fall and winter at exceptional values. Alaska cruises for the summer of 1994 are available now.
