NDP ignoring majority's wishes

To the Editor:

I appeal to the people of Ontario not to forget that it was the same style of government currently practiced in Ontario that brought about the atrocities bestowed upon the human race by Adolf Hitler during the Second World War.

Representatives of Hitler's government continually voted along party lines, turning a blind eye to the will of the people and to what was developing within their own ranks. Adolf Hitler hated his Austrian Jewish ancestry and proceeded, as we all know, to blame the Jewish citizens of Germany for Germany's financial troubles and in fact all the troubles that plagued Germany at the time.

Hitler, as we are well aware, proceeded to actively attempt to eradicate the Jewish race from the face of the earth.

Ontario's N.D.P. caucus is turning a blind eye to the wishes of the majority. By always voting along party line, Ontario's politicians are supplying the needs of the minorities at the expense of the majority. The white heterosexual male race in Ontario has been centered out by this government for punishment.

Perhaps Mr. Rae and Mr. Lewis hate their heterosexual white male ancestry due to their apparent misguided assumption that all the white heterosexual males in the history of the province have been racist.

White males are being continually portrayed as wife beaters in recent television advertising done by this N.D.P. government and are referred to as the catalyst of racism in Ontario.

The healthy, white heterosexual male race is being told they need not apply for employment in certain areas within Ontario. Only visible minorities, women, the handicapped, French Canadians and native peoples will even be considered for these positions. Healthy, heterosexual white males in Ontario must meet higher average requirements to enter College or University than the target groups men-

tioned above and once doing so must pay for their own education. Grants from our tax dollars are only given to people in the N.D.P.'s target groups.

I ask, what is going to be next?

Is Bob Rae and his anti-white male racist government going to start setting up concentration camps with gas ovens to eliminate the heterosexual white male race in Ontario? Who knows, such an action was not thought possible before Adolf Hitler's rise to power in Germany, but it happened didn't it?

It is time, people. Time to open your mouths and be heard over and above the political and minority self-serving opinions. God and history only knows what the outcome will be if you don't.
